Description:

Review We were pleasantly surprised to learn that after completing the detailed scale model, one of our imaginative and intrepid eight-year old testers has not stopped playing with the sinking Titanic-in the bathtub. The submersible boat is fun, durable and well equipped with play value.

The model is accompanied by *The Science and Story of Titanic*; a thorough, well illustrated history of the construction, the sinking, and the recent explorations of Titanic's wreckage. A 2000 Parents' Choice® Recommended winner.
